

## **No witness (12.2013)**

1.) I don't need no preacher  
I don't need no goddess  
I don't need any witness  
'cause I know by myself  
that the world is goin' bad  
that the world is goin' bad

2.) I don't need no speaker  
I don't need no writer  
I don't need any witness  
'cause I know by myself  
that the rich are growing fat  
that the rich are growing to fat

3.) I don't need no teacher  
I don't need no scientist  
I don't need another witness  
'cause I know by myself  
that to many children feel so sad  
that to many children feel so sad

4.) I don't need no whistler  
I don't need another master  
'cause I know by myself  
that too many warlords terrorise the world  
that too many warlords terrorise the world

Out:

But what can I do? What can help?  
I just can sing and cry it out loud so loud.  
Maybe I'm a fool – and fools have no might  
oh fools have no might, no might, fools have no might, no might
